2nd July 2018

Dear Leigh-Anne

I am writing to you on behalf of the MCA Trust to thank you for your recent donation of £300.00 – it was very kind of you. I'm glad to hear that you enjoyed our 'Ladies Night'; it certainly was a huge success.

From watching the video we showed I know you are aware of the work we do, but I'd like to include some examples of the work we have recently supported:

- At the Princess Alexandra Hospital in Harlow we have been able to fund a sensory trolley. This enables the children to be more relaxed whilst they are receiving their treatment. In addition to this we have renovated the patients' bathroom, parent's rest room and play room at the hospital;
- During the past year the MCA Trust have opened areas that we have refurbished and upgraded at Basildon University Hospital. These works cost in excess of £17,000.00 and are used by children with cancer to make their stay in hospital more comfortable;
- In December we hosted a Christmas party, inviting children who are undergoing cancer treatment at Great Ormond Street Hospital. There they got to meet Father Christmas, dance with children television characters, decorate cakes, sing karaoke, have their faces painted and generally have a fabulous time;
- In partnership with local hospitals we have just launched a 'Toothbrush Campaign' to help children facing cancer treatment deal with problems they can get from tooth decay.

I hope this gives you an idea of how the donations and sponsorship we receive can benefit the children and their families.

Thank you so much for supporting the MCA Trust and helping us to continue with our work.

With kind regards

Faye Ashton
